The words PEACE – LOVE – UNITY were over the Grand East to remind us of the teachings of our Order. Three sparkling blue hearts are floating amongst the clouds. The two outer hearts are hollow, with black material draped behind. Silver sparkling filigree are inserted in these hearts. The “Doves of Peace” are flying into these apertures. The solid middle heart has the shape of the Pentagon cut from its center. Black velvet is the background of this opening, with our illuminated Eastern Star mounted inside the Pentagon. Glittered words “Dove of Peace” hung above the curtains.

The soft blue coloring of the Hearts, brings the feeling of Peace to all of us. Our Star, shining so brightly, reminds us of our Love to the Order and the three Hearts united brings Unity for our Sisters and Brothers. PEACE – LOVE – UNITY – without even one, we cannot have all three.
