The Leukemia and Lymphoma Society

The Leukemia & Lymphoma Society (LLS) was picked as our project this year because the disease has an impact on so many lives. It had an impact on my (Rosie's) life. In my childhood I lost my

sister who was thirteen months younger than I to Leukemia. There is a country song that asks, "I wonder who she would be today?" Maybe with our contributions we can help other siblings so they do not have to wonder. More information can be found on the LLS website at: more information
