

## *Membership*

- People can't join Eastern Star if they don't know it exists in your community
- People won't join if they don't get a first impression
- Members won't stay if "their" needs are not met.

Now is the time to look forward. We can do nothing with time past. It is gone forever. However, we can use our experiences with our past successes and futures as our guidelines for establishing our goals for the future.

Share the warmth of Eastern Star with everyone. Reach out to your community this spring with enthusiasm, find those members and invite someone to join our order, give someone a ride to one of your meetings, and visit another Chapter, there are quite a few special nights being planned at Chapters this spring.
