

February 2018

Now that we have had our Christmas and New Year's celebrations we can settle down and continue our plans for the spring and summer. We have accomplished a lot over the last few months. We have thirty two (32) new members and we will continue to grow our Order and Chapters. We have several initiations planned in the coming months. Keep up the good work and continue to give out the pocket petitions that you have and make sure you have a few extra petitions handy so you will never be caught short.

The donations for our project, Wisconsin Children's Miracle Network, and the other charities arrive every day. The Fins and Feathers Arrangements Committee and the various clubs around the state are working hard to prepare for our Grand Chapter session in May.

May joy and comfort greatly bless,
And fill your days with happiness,
And may your heart be filled with cheer,
And sweet content through the year.

We'll see you soon on the Star Trail,
The Golden Chain of Friendship Grand Family
