

## WISCONSIN TRAVEL BEES

### INSTRUCTIONS

Bee capture instructions-

- 1.) Bee can be captured at any stated or special meeting of a chapter or any published event ( fundraiser, social gathering).
  
- 2) At least 3 members of a capturing chapter must be present, with one of the three being an elected officer.
  
- 3.) If more than one Chapter qualified to capture a bee, the following criteria should be used to determine which chapter captures the bee :
  - a.) The chapter with the most visiting members present
  - b.) If the same number of members visit, the chapter that had traveled the farthest (as determined by their stated meeting location) wins.
  - c.). If all above are the same, the chapter with the highest ranking officer attending would capture the bee
  - d.). If all the above are the same, then the chapter with the newest member (considering year, month or day if needed) would capture a bee.
  
- 4.) Bees can only be transferred one time per day.
  
- 5.) Only one bee can be captured at a time if a chapter has multiple bees.
  
- 6.) Capture must be documented by posting a picture on the Wisconsin OES Facebook page.
  
- 7.) If there are questions, contact the WGM.
